

WELCOME TO "MUSIC CITY" - Nashville, TN

Round 4 of the USAC Mopar .25 "Generation Next" 2012 Tour

The Music City Club has been working hard to bring more drivers to their track. The "Arrive and Drive" in March had some 30 different drivers come to the event. "We were also part of the Big Monster Jam event here in Nashville, during the off-season," said Track Manager, Charlie Pate. "It was really fun for all the families that participated." Music City Quarter Midgets were invited by the Feld Motorsports group to run a exhibition race during the Monster Jam event at the Bridgestone Arena in Nashville, TN. Ten drivers participated in the sold out Friday and Saturday night events. "We got to show alot of people what Quarter Midget racing was all about. We would like to continually thank 'Mr Pete' (Pete Barnett). He has given our families a great place to race. We are proud of our new track surface and wish everyone the best of luck this weekend," continued Pate.

Remember, when you win a USAC Mopar "Generation Next" Main event at Music City, you take home a Guitar!!!

at right - MCQMRA club member David Rochester talks to the first 5 test drivers going over safety instructions for once they're out on the track.

Drivers are preparing to greet over one thousand kids in the pre race pit party at Monster Jam, by signing autographs and passing out information about the club and our local Fairgrounds Speedway.

Welcome to Nashville! We are the drivers of Music City Quarter Midget Association. **Jagger Parker, Christian Pitman, Dustin Harden, Davis Rochester III, Dylan Fetcho, Bryson Shaffer, Grayson Pate, Damon McQuiston, Joshua Moore, Garrett Dies, Garrett Davis, Jackson Boone, Tre' Ashworth, J. Slater, & Tristan Numbers**

Come back for the annual Scott Impy Monster Mash! This race benefits a scholarship in Scott Impellizeri's name. The race event is October 27, 2012. It's a fun event for the kids and for a great cause!

Do you ever wonder what USAC is doing in the promotion department? When your driver wins a "Generation Next" race, their accomplishments are posted on the USAC Facebook page as well as USACRacing.com. If your driver wins a Honda class, their photo, in Victory Lane, is sent to Troy at Honda HPD, just as the Briggs Class Winners photos are sent to David Klaus at Briggs and Stratton. Check out their Facebook pages weekly for information and

to spot your driver on their page. Also, photos are utilized in Coast 2 Coast Racing News and on QuarterMidgets.com. If you are a winner, at a USAC Mopar "Generation Next" event, you will have the option of doing a video that will be published on line. Please have your driver keep their suit on after they clear the scales. Remind them of their sponsors so that they can give them recognition and please remember to have them thank MOPAR. If it wasn't for the gen-

erosity of Mopar, this "Generation Next" Series wouldn't be making so many stops at local clubs, across the country. Speaking of MOPAR! Those MOPAR hats are your ticket to some great prizes at one of the "Generation Next" races this season! Watch for more information coming soon!

Mark your calendars for April 7, 2012. If you are in Indy... check out the Fan Appreciation Day at USAC Headquarters - 4910 W. 16th Street. Speedway, Indiana.
