

October 20, 2009

Dear Fellow Racers,

On behalf of the Terre Haute Quarter Midget Association I would like to thank you for attending the 2009 Dirt Grand's. At the Grand's we had a vendor who offered video services and we collected the order forms from you and turned them into the vendor. The order form stated that each race would be available for order on DVD and that the DVD would be finished in 2-3 weeks after the Dirt Grand's. The camera crew stated that the video would cover the A-mains and the opening ceremonies. I personally asked if the DVD would have all the races or just one because the way the order form was laid out and I was told that each order would cover all A-main races and opening ceremonies. After the event and everything was turned in I was notified that only 1 race and opening ceremonies would be sent out per order. I was told that there was 11 hours of footage and it could not be put on to 1 DVD.

I would personally like to apologize for this and the fact that most of you have not received the videos as stated in the order form as 2-3 weeks after the Grand's. I would ask that you personally call Mr. Perrott and follow up with your order and or ask for a refund. I have contacted him on a weekly base and keep getting told the videos are being edited and will be sent out within the week. Well let's just say I have yet to see a video or have been notified of anyone who has. This is very disturbing to me and our club and we ask that you accept apologizes for this and hope that you had a great time while in Terre Haute and we hope that you join us in the future.

Thanks,
Brad Wallace
